2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Little Shasta School, established in 1858, is a two-room school situated on the north flank of Mt. Shasta in the Little Shasta Valley. The students come from small generational ranches, ranch-hands, and blue-collar workers seeking a small school environment. Little Shasta Elementary School is a rural Kindergarten through 6th grade district with an enrollment of about 26 students. There is very little mobility. Sixty percent of the students receive Free and Reduced Lunch Services and zero percent of the students are English Language Learners. We have recently undergone a complete revitalization of our campus including painting, new furniture, technology upgrades and a new playground and outdoor picnic area. Our new school garden is absolutely beautiful !This year saw the completion of our new Enty Way - COVID safe check in area. Our school is "cutting edge" in every respect while maintaining the small, country traditions we've had since 1858

The school is composed of two classrooms, a multi-purpose room (cafeteria, library, and small stage), and a small computer lab with limited space. The cafeteria is used for an after-school program which is supported solely by the school district. A strong Parent Club provides additional funding to supplement student learning activities, supplies, technology, and academic fieldtrips. The Pandemic has made it difficult for Parent Club to meet but the group is still strong in supporting school activities.

MISSION STATEMENT: Little Shasta provides a safe and nurturing environment to promote lifelong learners and responsible citizens equipped to achieve their goals in a global society.

All decisions are based on the philosophy "Our Kids Are Worth Whatever It Takes."

Motto/slogan -Continuing the tradition...where kids come first!

Beliefs
Little Shasta Elementary School seeks to create a challenging learning environment that encourages high expectations for success through development-appropriate individualized instruction that allows for individual differences and learning styles. Our school promotes a safe, orderly, caring, and supportive environment. Each student's self-esteem is fostered by positive relationships with students and staff. We strive to have our parents, teachers, and community members actively involved in our students' learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school works to keep up-to-date with its curriculum and instructional materials. Teachers also take advantage of supplemental materials from a variety of sources, including web-based materials and simulations. Two years ago, an updated Houghton Mifflin Language program was implemented in all grades K - 6th.

School Facility Conditions and Planned Improvements

Student safety, health, and well being are considered a foremost priority by all who work at LSE. Regular facility reviews check for safety and health issues and appropriate repairs are completed as a result. The district follows a comprehensive scheduled preventative and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Daily cleaning schedules ensure that classrooms, offices, and bathrooms are clean and well maintained.

A major school remodel project was completed during the summer of 2017 including the painting of all interiors, new paneling, new furniture, rugs and carpets. A new library was also added in an used area. The school's technology infrastructure also was completely overhauled. A new fire suppression system was installed as well as a completely new Fire Alarm System.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Our parents at L.S.E. are an integral part of our school. We have a very active Parents' Club. Parents may request meetings with the teachers at any time. We have parent conferences twice yearly and upon request at the end of the school year. Parents help with many fund raisers for our special projects such as the French Creek Environmental School and many local field trips. three years ago, the Parent Club hosted a major fundraiser that made over \$18,000. and donated \$12,000. to the purchase of a new school van. The parents are also our drivers for field trips as the school doesn't have buses. Parents coordinate all of our special events like Easter Picnic, Pumpkin Patch, and Halloween Activities. Parents are an integral part of our programs and the students education. Parents are welcome to help in the classroom. This year due to the Corona virus pandemic, parents have become "partners from home" in support of the many health related protocols we must follow.

2020-21 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Student safety, health, and well-being are considered a foremost priority by all who work at the school. Monthly checks for safety and health issues and appropriate repairs are completed as a result. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring students and staff are safe during a disaster. Fire and disaster drills are conducted on a regular basis. A school wide discipline program holds each child accountable for his/her behavior. Parents and students understand the consequences for misbehavior. A student/parent handbook specifically spells out student and parent expectations.

We believe that safe, secure educational facilities and procedures that are fair and equitable, promote a positive educational environment. Student well-being will be the first consideration in decision-making. Behavior that demeans the dignity or self-worth of any individual or group will not be tolerated. The staff believes through positive interactions and mutual respect, academic and citizenship behaviors improve. The adopted discipline code is given to each student and family prior to school in the Parent Student Handbook. It contains the rules and consequences. Consequences are fair and consistent and in line with the California Education code.

The Staff and School Board completely revised and updated the school's Comprehensive Safety Plan this past year which included consultation with all first responders in the area. Drills based on these new procedures are practiced monthly with students. New technologies including Surveillance Cameras and Intercom and electronic gates continue to provide security.

The school offers the following opportunities:

State adopted standards-based instructional materials

Teacher & part-time aide.

Professional Development

Differentiation of Instruction

Ag Curriculum Farm & Garden

Resource Specialist Program

Technology

Parent and Community Involvement-Active Parent Club

Speech

Special Field Trips- Science, Social Studies and Music field trips, French Creek Outdoor Ed Camp (5-6th grade), Agriculture Day, as well as many others.

FREE After School Program

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
